

## Sample Vision Statements

1. Palo Alto, CA Youth Master Plan
  - a. Our vision is that all youth in Palo Alto will have safe, healthy, positive experiences that support them in the development of behaviors, skills, attitudes, knowledge, and values necessary to realize their full potential.
  
2. Claremont, CA Youth and Family Master Plan
  - a. To develop a supportive environment for our youth, Claremont is committed to bringing together the community and its resources. This commitment promotes collaborative and comprehensive efforts to meet the wide range of needs of young people and their families. It includes working for local control and coordination of human and financial resources. Our goal is to provide safe, healthy, enriching, and nurturing opportunities that support young people in becoming responsible and contributing members of their community.
  
3. Dane County, WI Agenda for Change
  - a. In Dane County, children and youth have the opportunity to enjoy their childhood in a caring community and to develop their full potential as they become responsible and contributing community members.
  
4. FICE-USA UNESCO
  - a. FICE-USA envisions a world where all children can grow up in a stable and loving family with an environment of nurturing, safety, and security. We aspire to a vision for the world where every child has access to housing, food, healthcare, quality education and is embraced as a valuable member of their society.  
  
We wish to work for a world in which all children and young people will have the opportunity to learn and develop throughout their lives being connected to a rich network of friends, families, and neighbors. We hope for a world where all children and young people have freedom of thought and are supported in individual choice in major life decisions
  
5. Newport News, VA Strategic Plan for Youth
  - a. A community where the dreams of young people are realized.
  
6. State of Colorado
  - a. We envision a Colorado in which children, youth, and families are healthy and able to access comprehensive, integrated and cost effective supports and services across sectors and within communities. This will reduce unnecessary and costly: overall health problems, school failure, violence, incarceration, child abuse, substance abuse, and out of home placements for children and youth. This is essential for: healthy living, learning, succeeding in school, working and participating fully in the community. This will: promote a healthier community through healthier children, youth, and families.
  
7. San Jose, CA Youth Services Master Plan
  - a. San Jose youth will develop into healthy adults that live, work, play, compete, and thrive in Silicon Valley
  
8. Omaha, NE Investing in Youth Master Plan
  - a. Omaha's leadership is committed to ensuring that all youth will receive the education, training, and support needed to enable and motivate them to seize economic opportunities and achieve a productive future.
