

# Draft Mission Statements

## Children & Families Steering Committee Recommended Options 7/9/08

### # 1

We will achieve our Vision when our collaborative actions support every child, youth, and family, regardless of socioeconomic status, having their basic needs met and accessing healthcare and life-long learning opportunities. All children, youth, and families are connected to a rich network of caring friends, families, neighbors and resources.

### #2

We will achieve our Vision when our collaborative actions create the situation where every child, youth, and family uses and grows the community networks necessary to achieve success as contributing members.

### #3

We will achieve our Vision when every child, youth, and family successfully engages with our community's collaborative support network to get and give resources.
